

Who are we?

DLM Solutions is a consortium of skilled and experienced professionals who want to bring their expertise to the education, community services and non-government sector.

We can deliver services and experience to your organisation in the areas of disability, learning and management without the need to recruit staff on an ongoing basis.

DLM Solutions is cost effective and motivated by quality service provision in the human services sector. Profit is not our motivator.

Our Members

All representatives of DLM Solutions have current police clearances and working with children clearances as appropriate.

Some representatives are also registered teachers in SA.

Representatives offering casual training and assessment under the Australian Qualifications Framework have – at the minimum – Certificate 4 in Training and Assessment and are highly skilled and experienced in their field.
